When the list comes up, rearrange and rename the columns, in the following sequence: ID Number, Last Name, First Name

Save your spreadsheet
with a unique name
like p-1 alpha and then
close the file. Repeat
for each class you'll be
using.

Open Teacher Tools to import your rosters

Click on Add
a Class

The screenshot displays the SMART Response Teacher Tools interface. The top menu bar includes 'File', 'Edit', 'Privacy', and 'Help'. Below this, there are icons for 'Import', 'Add', and 'Delete' on the left, and 'Notebook' and 'Simulator' on the right. The main interface is divided into a left sidebar and a right content area. The sidebar contains sections for 'Gradebook' (listing R-2 2010, p-1 2010, p-3 2010, R-3 2010, R-1 2010, p-2 2010, Anonymous, and Add a Class), 'Reports' (Student Performance, Class Performance), and 'Devices' (My Receiver). The 'Add a Class' button is highlighted with a yellow arrow. The right content area shows the 'Home' tab selected, with a sub-tab for 'Students'. The main content displays 'p-2 2010 (Period p-2)' with the message 'Your class is started. Students can sign in.' and 'Classroom name: Mr. Huff'. Below this, there are status indicators for 'Online: 18 / 23', 'Questions: 0', 'Weak Signal: 0', and 'Low Batteries: 0'. At the bottom, there are buttons for 'Lock Sign In' and 'Stop Class', with a note: 'Stopping this class turns off all connected clickers.' and a 'Next steps' section with links to 'Create an assessment in SMART Notebook software' and 'Import assessment results'.

[Start Class](#)

Next steps

 [Add students to your class](#)

☐ Start here when you start Teacher Tools.

Click
Add s
to yo

Click on the class you want to import your list into.
Then click Next,
then Select Microsoft Excel and then click Next

Select the alpha list you created and click on Open.

Repeat these steps for each class that needs to be set up
and then you're ready to start making your tests
